

Biomass Export Documentation Checklist

A practical buyer and supplier checklist for Malaysian biomass export preparation.

Core documents

- Commercial invoice and packing list.
- Certificate of Analysis for each lot or shipment.
- Export declaration and customs documents.
- Phytosanitary certificate where required.
- Sustainability certificate where buyer market requires it.

Execution notes

- Confirm physical exporter responsibility before shipment.
- Align INCOTERMS, payment milestones, inspection timing, and rejection procedure.
- Keep document versions controlled across buyer, supplier, forwarder, and inspection parties.
